1	This instructor walks you through the objectives, expectations, and steps to be successful in this course and future courses.
2	This course was extremely organized! I really appreciated the Monday announcements for the week. Holly does a great job staying on top of the course and keeping us in the loop! She is also very quick and responsive to questions via email! Thank you so much Holly!!!
3	The instructor always responded in a quick and timely fashion to all questions that were addressed. She reached out periodically to check in if we had any questions or were struggling.
4	She is great and so quick to respond to questions and concerns. she does a great job at letting us know exactly what is due.
5	Provides frequent feedback.
6	Our instructor kept us well-informed throughout the course and give frequent updates to keep us on track. I appreciated her professionalism and willingness to help in any way.
7	One or two announcements throughout the week with reminders of due dates or helpful tips was nice, but any more became overwhelming and seemed to add stress.
8	I really loved this class and it has been very helpful. I do however feel that the workload was as tough as my 3 credit hour classes. I think that this class should count for more credit hours.
9	I love that she is clear on expectations and deadlines. The reminders are very helpful. I also liked that everything we did in the course will actually be useful to us in our future courses. When we had to do the badges assignment I thought the process was very tedious and unnecessary but in retrospect I am glad that I am more comfortable with the skills it took to complete the assignment.
10	Dr. Fiock is always positive and makes it clear that she is available if there are concerns or questions.
11	Continue her weekly check ins, videos at the start of the week, abundant feedback on each DB and assignment-I thank her profusely for these!

**Q18 - Make a suggestion(s) for improving the course (a criticism alone is not helpful; tell your instructor how you would fix any problem).**

1	There are a lot of announcements, and sometimes they are unnecessary. We have a syllabus, and as long as it is accurate, some of the announcements could be a lot more concise.
2	Sometimes it is really hard to check into Discussion boards every day-as we are juggling jobs and assignments and family. I request you to kindly reduce penalty for that.
3	One or two announcements throughout the week with reminders of due dates or helpful tips was nice, but any more became overwhelming and seemed to add stress. I would try and keep it to one or two announcements max. Also, I spent more time per week on this one hour seminar course than on my three hour concentration course. I did not feel like the workload was appropriate for the credit hours of this course.
4	I thought all of the assignments were valuable, but, for a 1-credit-hour course, the time commitment was very heavy.
5	I think that this course should count for more credit hours.
